

Furfriend Ornaments

What you will need:

1. 1 Christmas ball ornament that can be painted with a string attached to hang from the tree
1 ball = 1 furfriend
2. Craft paint the colour of your furfriend and paintbrush
3. 1 twist off bottle cap for a snout per furfriend
4. 2 google eyes per furfriend
5. 1 black pom pom for a nose per furfriend
6. 1 piece of pink felt and 1 piece of felt the colour of your furfriend's ears
7. Glue, scissors, pen

Directions:

1. Paint the Christmas ball the colour of your furfriend. To dry evenly, place the ball on top of the bottle cap like a stand
2. Once completely dry, glue the bottle cap onto the ball to look like a snout. When holding the ball by the string at the top it should be about mid way down the front of the ball
3. Glue on google eyes
4. Trace ears and a tongue onto the felt with a pen and cut out. Glue onto furfriend.
5. Once the glue is dry, paint the "snout"
6. Once paint is dry, glue on a pom pom nose if you like

HAVE FUN!
