

BUZZIN' BUMBLEBEE!

Supplies:

- 1. 1 Styrofoam ball**
- 2. 4 Black pipe cleaners**
- 3. 2 Google eyes**
- 4. Yellow and black paint**
- 5. Black felt pen, pencil, scissors, paintbrush, glue**
- 6. A wooden skewer or extra paintbrush. A glass a bit taller than the skewer.**

Directions:

- 1. Press the wooden skewer or paintbrush into the bottom of the styrofoam ball. This helps keep your hands from getting too messy!**
- 2. Paint the styrofoam ball yellow and place the skewer into the glass so it can completely dry.**
- 3. Glue the google eyes on. Draw on a smile with the felt pen.**
- 4. Paint your bumblebee's black stripes on however you want! Place in the glass to dry completely.**

5. To make antennae: Cut one of the pipe cleaners in half. Curl each piece around the pencil.
6. To make wings: Take 2 pipe cleaners and bend each like a loop. Twist the ends together to secure them.
7. To make the stinger: Cut $\frac{1}{4}$ of the last pipe cleaner off and bend that piece to a point in the middle.
8. Using the pencil lead, press 2 holes into the styrofoam ball above the eyes for the antenna. Press 2 holes on the back where you want to put the wings. Press 2 holes at the back end for the stinger!
9. Press your antennae, wings and stinger into the holes to secure them.

**HAVE A BUZZIN' GOOD TIME
WITH YOUR NEW FRIEND!**
